New Orleans, June 8.—Cotton—Spot cotton steady; middling, 14 15-16; unchanged. Sales on the spot, 1.025 bales; to arrive, 250 bales. Cotton futures opened quiet and steady, 3 to 4 points up on the eld crap months and 1 off on the new. Cables were elightly better than expected, but were offset by an extremely favorable weather map. After the call the market fell off abruptly 12 to 16 points on the old crops and 4 to 3 points on the new. With the market showing considerable weakness, telegrams commenced to come in from points in Louisiana and Mississippi telling of the inding of boil weevil in greater numbers in cotton fields. Some crop experts wired in that the Brazos River bottoms in Texas never showed a greater number of the pests at this time of the year than some of the important growing sections of Mississippi are now bringing out. This news caused a rise of 21 points on July. Around noon the list was 1 to 3 points over yesterday's closing. In the afternoon session nervousness overboll weevil reports increased, and the old crop months were put 12 to 16 points over yesterday's closing, while the new crop defluerles wer eput 9 points over. Freight brokers said that there are evidences of liverles were put 9 points over. Freight brokers said that there are evidences at a net advance of 12 to 23 points on the old crop months and 9 to 10 points on the new.

CHICAGO GRAIN MARKET.

CHICAGO GRAIN MARKET.

Chicago, Ill., June 5.—Active spreading between the July and September options received most attention to-day in the wheat trade. Selling the latter delivery, while buying the earlier, was the favorite form of speculation. Leading in the movement was a prominent elevator concern, which had issued a builtsh circular after having been rather conspicuous on the bear side. The close was heavy, with July %3%c higher and the other months up a shade to 4c. Corn finished at an advance of 55% to 5c, and oats showed a decline of a shade to 4c. Final figures in provisions were 10@12½ to 27½c above last night's level.

The leading futures ranged as follows:

Boston, Mass., June 8.—Miss Mattle Neil Carneal, of Richmond, was one of the twenty-seven girl graduates who received their diplomas at exclusive Laseil Seminary, in Auburndaic. The graduation was a picasing affair, with many of the alumnae present. Among the young women who received prizes was Dolores De Murgulondo, of Portsmouth, who won one of the honors in household economics. Miss Carneal was showered with honors by her Boston friends. She is a typical Southern girl, and has been immensely popular at Laseil. She was star in the seminary theatricals, and a leader in student activities.
